Career Profile

I am currently a computer science student at Ionian University. I really enjoy coding and learning about game and software development which I am keen to persue a career in. I am a hard worker and I enjoy working with other people to complete a project.

Experiences

Since I am still an undergraduate student I do not have any experiences. I just try to learn new things so I can create my own projects.

Projects

I am currently working on a small and simple Tower Defense game.
